

GERMAN HORDES PUSH ALLIES BACK

NSDRIVE WEDGE
O ALLIED LINE
25 MILE FRONT

tons Gain Ground
st in 1917 in Chem-
in Des Dames
Region

ONDON, May 28.—The
ports from the battlefields
France tonight, both offi-
cial and unofficial show that
allies have again suffer-
a setback whereby they
lost all the ground in
Chemin des Dames re-
so gallantly won by the
in the great struggle
in April to October, 1917.
The enemy has driven a
large into the allied line on
front of some twenty-five
es and at last reports the
mendous battle was still
tinuing about Fismes
which is the center of impor-
t allied communications.
en reserves, however,
re arriving to contest a
ther enemy advance at
point.
Up to the present, accord-
to the German claim, 100,000
prisoners have been
en. It is still uncertain
whether the Germans intend
this attack as a resump-
on of their full scale offen-
sive. The fact that only
om 20 to 25 divisions have
en engaged is held to in-
cate that it was not a main
ack, but was originally in-
ended to attract allied
ces from before Amiens
d that the major operation
ould be attempted else-
ere.
Violence is Unabated
Paris, May 28.—The situ-
ation tonight is more reas-
uring. The latest advices
om the front show that
hile the violence of the en-
y's effort as yet is un-
ated he is only making
adway on the center and
at even there the German
omentum is giving signs of
ackening. The allies are
eginning to react with ef-
ect on the wings.
The French left is holding
ell and blocking the Ger-
an attempts to widen the
salient towards Soissons.
The French retain a wide
ridgehead north of the
Aisne above that city—a cir-
umstance highly menacing
o the enemy's flank. On
he right the British still
ling successfully to the
roup of hills north of the
Vesle river.
Outnumbered Ten to One
With the French Army in
France, May 28.—By the As-
sociated Press.—At least
twenty-five German divi-
ions today joined in the at-
ack and forced further back
the few French and British
divisions holding the line.
Tanks, machine guns and
poison gas shells were the
principal factors in the suc-
cessful advance, aside from
the numerically superior
forces of the Germans.
Notwithstanding the small-
ness of the allied armies they
did their utmost to stay the
immense push of the enemy
troops ten times their num-
ber. The German advance
which was one of the most
rapid since the beginning of
the war, could not be held,
however, as wave after wave
in dense lines came forward.
The western allied flank
has maintained its positions
well, and reserves are hur-
rying toward the danger point
of the greatest advance.

WAR SUMMARY

News of Activities On Various
Battle Fronts in Summarized
Form By Associated Press.
The great German military
machine is in full motion along
the twenty mile front in the
Aisne river sector between Vailly
and Berry-au-bois, and, greatly
outnumbered, the British and
French everywhere are giving
ground.
According to the German offi-
cial communications, numerous
towns and villages in the fighting
zone have been taken by the en-
emy and 15,000 allied troops al-
ready have been made prisoner.
At last reports the Germans
were endeavoring to press back
the defenders upon the Vesle
river, which runs parallel with
the Aisne, and at several points
had reached positions dominat-
ing the Vesle valley. To offen-
sive is being carried out with
the greatest rapidity for the
German high command evidently
is well aware of the fact that
General Foch's reserves have
been reported to be coming up
rapidly to reinforce the hard
pressed British and French, who
are fighting valiantly against the
terrible odds and making wave
upon wave of the enemy pay
dearly in casualties for every
foot of ground they obtain.
Notwithstanding the rapidity
of the drive and the large num-
ber of the enemy pressing some
unofficial estimates place the
number of shock troops alone at
25 divisions or about 300,000
picked men—the allied front
nowhere has been pierced but
under the onslaughts has bent
back in perfect liaison and with
such precision has the retreat
been conducted that the British
and French have been able to
carry back with their all of their
supplies and guns or to destroy
those they were not able to hand-
le.
At present it is impossible
geographically to depict the ex-
tent of the German gain, but it
would seem evident that the
deepest salient they have driven
is in the region due east of
Vailly—about eight miles. Al-
tho the Germans for the moment
at least, seemingly are having their
way on the southern part of
the line in France, on the sectors
around Montdidier and south-
west of Ypres they are being
sorely harassed by the Ameri-
cans and British and French.
Tuesday's fighting in the vi-
cinity of Montdidier will mark
an epoch in the war so far as the
American troops are concerned.
In an attack they captured
their first village—Cantigny,
which lies a short distance north-
west of Montdidier. They also
took several other objectives
and held all of them in face of
counter attacks. The Germans
suffered severe losses in men
killed or wounded and in addition
left behind them 200 men made
prisoner among them 200 Ameri-
cans. The American casualties
were relatively small. The Ger-
man official report announces the
taking of American prisoners.
The report from American head-
quarters, however, shows only
two Americans missing, one in
Picardy and the other in the
Lunville sector.
Likewise southwest of the
Aisne the enemy received a severe
check at the hands of the British
and French east of Dikrich Lake,
where Monday the Germans in an
attack had taken ground. Start-
ing immediately after the gain
made the British and French
began counter attacks in an ef-
fession to wipe out the captured
salient and Tuesday succeeded in
completely nullifying the en-
emy's maneuver, which had been
carried out with extremely heavy
losses.
In the Italian theater the
Italians are keeping up their of-
fensive against the Austrians on
various sectors in the mountain
region and along the lower
reaches of the Po river. At
Cape Sile near the Adriatic coast
the Italians penetrated the enemy
lines to a depth of more than
750 yards inflicting numerous
casualties took prisoners and
captured two trench mortars, ten
machine guns, several hundred
rifles and quantities of ammuni-
tion and stores.
Again the Germans have en-
deavored to carry out an air raid
over Paris. Ten of their ma-
chines succeeded in reaching
the suburbs and dropping several
bombs, but the air defenses kept
them from invading the city
itself. The long range German
guns continue to hurl projectiles
into Paris.
"Frightfulness" has been car-
ried out against American pri-
soners behind the lines by German
airmen. Several bombs were
dropped near the hospital but no
damage was done. It is officially
announced that similar raids car-
ried out against British hospi-
tals resulted in 306 casualties
among sick and wounded in-
mates. The British casualties
reported in the regular weekly
bulletin are given as 33,694 as
against 36,677 the previous
week.

CONGRESS PROVIDES FOR
NEW WAR LEGISLATION

Finds Way to Meet Legislation
Demanded by Wilson Without
Giving up its Recess.
Washington, May 28.—Con-
gress tonight apparently had
found a way to provide the new
war revenue legislation insisted
upon by President Wilson without
abandoning entirely its long cher-
ished plan to get out of Washing-
ton for a summer vacation.
Leaders of both parties joined
in conferences over a program
proposed by Representative Gar-
ner of Texas, a Democrat of the
house ways and means committee
and it was given general approval.
The plan contemplates prompt ac-
tion on pending appropriation
bills to be followed about June 15
or 20 by a recess of both houses
until August 1, while the ways
and means committee frames the
revenue bill. After passage of the
measure by the house probably
about August 10, the house would
recess for thirty days to await ac-
tion in the senate. The program
has not been discussed with the
president or Secretary McAdoo
but leaders at the capitol are tak-
ing it for granted the administration
has no legislation of imperative
importance to bring forward and
that their plans will not be inter-
fered with so long as work on the
revenue bill goes ahead.
The plan will be submitted to
the ways and means committee to-
morrow when the committee
meets to prepare for hearings soon
to begin on the new bill which
probably will levy about four bil-
lion dollars in additional taxes
largely upon incomes, excess pro-
fits and luxuries.
**SENATOR LEWIS BRINGS
MESSAGE FROM WILSON**
Arrives in Chicago Yesterday with
Message of Confidence for Busi-
ness and Appreciation for the
President of Achievements of
People in Middle West.
Chicago, May 28.—Senator
James Hamilton Lewis, Demo-
cratic whip of the senate, came to
Chicago from Washington tonight
with a message of confidence for
business and an appreciation from
President Wilson of the patriotic
achievements of the people of the
middle west which the president
called "an inspiration to all
America."
"The new revenue bill will not
take the small profits from any
newly started business, nor ab-
sorb all of the profits of any great-
ly paying business," said the sen-
ator. "In the adjustment of the
revenue bill and railroad rates
everything will be done to stimu-
late all business."
"The president authorized me
to speak for him to the west in
saying that the increase of rail-
road rates will go to help the
properties and will come back to
the people in contributions for
purchases by the government and
no injury to any business will fol-
low the raise."
The senator is here to deliver
several addresses on Memorial
Day.
**THOMAS J. MOONEY
SENTENCED TO DEATH**
Order by Judge Franklin A. Griff-
in That He Be Removed to San
Quentin and There Hanged.
San Francisco, May 28.—Thom-
as J. Mooney, convicted of murder
in connection with the prepa-
redness parade bomb explosion
here July 22, 1916, was again
sentenced to death today. The
third hand who assisted in robbing
the Tri-City State Bank of
Madison, Ill., of \$16,040 at noon
May 16.
**DRAFTED MAN LOSES
BOTH LEGS**
Kankakee, Ill., May 28.—Be-
cause a troop train bearing draft-
ed men to Georgia did not wait
for all men to get aboard before
men were employed in the train,
one young man pulled the air cord
and stopped the train and several
others jumped off and stoned the
engineer in his cab. The trouble
started after Joseph Burkhardt,
from draft board No. 51, Chicago,
had fallen under the moving train
as it was leaving here and lost
both legs. His recovery is doubt-
ful.
The train was stopped at Ottos
Station, four miles south of here
where the stoning occurred. The
men involved were induced to
return to the train which pro-
ceeded to Champaign where the
men were placed under guard.
Three members of the contingent
were arrested by Sheriff
Bothfuh and placed in the county
jail. Burkhardt is in a hospital
here.
LIGHTNING STUNS TWO
During a heavy rain and elec-
trical storm that visited Meredos-
ia Tuesday afternoon lightning
struck a tree in the yard of New-
ton Floyd. His two daughters,
Alice and Isabel were stunned by
the bolt. Isabel was injured about
the head and her condition is
regarded as serious.

M'ADOO CREATES
UNION, EXPRESS
COMPANY FOR U.S.

Wells-Fargo, Adams,
Southern and Amer-
ican Will Be
Merged
WASHINGTON, May 28.—One
union express company for the
United States was created today
by agreement between Director
General McAdoo and the Adams,
American, Wells-Fargo and South-
ern companies whose transporta-
tion business will be merged un-
der a new private corporation
with capital more than \$30,000,
000 to be known probably as the
Federal Express company. George
C. Taylor, now president of the
American, will be head of the new
concern.
After July 1, when the com-
bination becomes effective ship-
pers will "great shipment" "by
express" without regard to com-
pany, and soon thereafter the in-
dividual names of the separate
companies will begin to disappear
from wagons, stations and cars.
The company will be the express
carrying agency of the railroads
operating privately, but under
contract to turn over 50 to 14 per
cent of their gross revenues—
more than \$200,000,000 last year
—to the roads for transportation
privileges. Three smaller railroad
owned companies, the Western,
Great Northern and Northern may
join the combination later.
A pending application for ten
per cent increase in rates, filed
before government operation of
railroads or the express com-
mission were contemplated will be
passed upon soon by the interstate
commerce commission.
More than 100,000 employees of
the four companies are to be re-
tained under the new corporation
and their wages will be raised in
many cases, according to Mr. Tay-
lor. The amount will be deter-
mined after the scale wage ad-
vances ordered for railroad em-
ployees is examined carefully.
Through economies by the common
use of wagons, trucks, distributing
stations, city offices, warehouses,
railroad cars and other equipment
and the simplification of account-
ing the merged companies hope
to save many millions of dollars
and to render better service.
The merger is arranged un-
der war exigencies. It is planned
as permanent. Last year the four
leading companies barely made
expenses and the Adams recorded
a deficit. Early months this year
showed even a worse record.
**TESTIMONY GIVEN IN
PRAEGER TRIAL**
Shows He Met Death by Hands of
Mob on April 5.
Edwardsville, Ill., May 28.—
That Robert Paul Praeger, enemy
alien, met his death at the hands
of a mob of 150 persons, was the
testimony of Harry Linemann, 15
years old, a service car driver, at
the trial here today of eleven men
charged with the lynching of
Praeger at Collinsville, April 5.
Linemann said he and Edward
Nagel were sent to a road house
two miles west of Collinsville to
get a quantity of tar and feathers.
They were unable to procure the
tar and feathers, he said, and
when they returned Joseph Riegel,
one of the defendants took the
rope from Linemann's car and
fastened it to the tree to which
Praeger was hanged.
Nagel's testimony was similar
to Linemann's.
Louis Gerding, a druggist tes-
tified he followed the mob to
the scene of the lynching in his
automobile and said the farewell
note Praeger indicted to his moth-
er was written on a fender of his
machine. He said the headlights
of his car furnished the light for
the death scene.
John H. Siegel, mayor of Col-
linsville, testified he remonstrated
with the mob and urged them
to let the law take its course. He
said he was not aware that the
mob had Praeger until told of the
lynching.

DR. ROBERTS ASSAILED
IN GRACE LUSK TRIAL

Attorney for Defense Assails Vet-
erinarian as Man Who Might
Have Prevented the Shooting.
Waukesha, Wis., May 28.—Dr.
David R. Roberts was assailed as
the "man who might have pre-
vented the shooting of his wife,
but did not," today at the trial
of Grace Lusk for slaying Mrs.
Mary Newman Roberts by Henry
Lockney, attorney for the defense
in his opening argument to the
jury. The story told by the vet-
erinarian on the witness stand, his
repeated declarations that Miss
Lusk pursued him, slapped him
in the face when he refused to
say that he cared more for her
than he did for his wife, and
threatened to kill him unless he
told his wife the truth and asked
for his freedom was quoted as
proof that the defendant was in-
sane at the time of the tragedy.
In assailing Dr. Roberts, Mr.
Lockney reviewed Miss Lusk's life
her early struggle to obtain an
education, the honors she won as
an educator despite a handicap of
ill health and a taint of mental
disease in her family, and declar-
ed that such a woman would be
incapable of the acts alleged if
she were sane.
Claims Insanity Proved
"The state has proved the in-
sane of the defendant," he said.
"On the very eve of the tragedy,"
Mr. Lockney declared "when Dr.
Roberts had his last interview
with Miss Lusk alone the testi-
mony showed that she told him
that if he cared more for his wife
than he did for her that would
end it all, but that he assured her
that he did care more and when
she insisted promised to tell his
wife that night. What he really
told his wife was that Miss Lusk
was infatuated with him. If he
had taken the right course even
at that late date the shooting
might have been prevented as
Mrs. Roberts probably would not
have sought the interview with
the defendant which ended in her
death." Five possible verdicts
were indicated in the argument
of the defense.
First, guilty of murder in the
first degree with a life sentence.
Second, second degree murder
with a sentence of from not more
than twenty five years in the peni-
tentiary.
Third, manslaughter in the
third degree with a prison term of
from two to four years.
Fourth, not guilty.
Fifth, not guilty because insane
with commitment to the state asy-
lum.
It was argued that the first de-
gree verdict should not be return-
ed because the defense had proved
that the shooting was not done
with malice or premeditation.
The second, which covers as-
saults with deadly weapons with-
out direct intention to kill, was
also opposed. A manslaughter
verdict covering slayings done
in the heat of passion, was de-
clared possible in the light of the
evidence introduced by the de-
fense, which, however, urged the
insanity finding.
"Dr. Roberts is not on trial—
yet," declared D. S. Tullar, special
prosecuting attorney, whose ad-
dress for the state preceded that
of Mr. Lockney, for the defense.
Mr. Tullar dealt mainly with the
actual shooting declaring that
Miss Lusk deserved the verbal as-
sault of Mrs. Roberts when the
two met on June 21 last. He ar-
gued that the defendant's actions
and words after the tragedy indi-
cated that she was in full pos-
session of her mental faculties.
Final Argument Today
James Clancy of counsel for the
defense and Walter D. Corrigan
for the prosecution will make the
final argument in the case to-
morrow and it is expected that the
fate of Miss Lusk will be in the
hands of the jury before night.
State's Attorney MacLay Hoyle
today replied to letters from
Judge Martin Lueck and Attorney
D. G. Hemlock of Waukesha, re-
questing him to make an inves-
tigation with a view to prosecution
of Dr. David Roberts and Miss
Grace Lusk for their visit to local
hotels. The prosecutor stated
that the two could not be prose-
cuted under Illinois statute be-
cause they had attempted to sur-
round their occasional visits with
secrecy and the law provides such
illicit relations might be shown to
be "open and notorious" to prove
the serious charge on which pro-
secution of the couple was asked.
KILLED BY HEAVY STONE.
Aurora, Ill., May 28.—Arthur
Pecoy, was killed in an unusual
accident yesterday. He was caught
by the foot in the corner of a rude
ash box fashioned out of four big
flag stones and when Mrs. Harry
Garman attempted to release him,
one of the stones toppled over on
the boy's head. Arthur was climb-
ing into the box to get his foot
when he caught his foot. His
cries for help brought Mrs. Gar-
man.

YANKS CAPTURE
CANTIGNY AND
200 PRISONERS

American Troops in
Picardy Make
Successful
Attack
WASHINGTON, May 28.—
American troops in Picardy
attacked this morning on a
front of one and a quarter
miles, captured the village of
Cantigny, took 200 prisoners
and inflicted severe losses in
killed and wounded on the
enemy says General Pershing's
communiqué made pub-
lic tonight at the war depart-
ment. The American casu-
alties were relatively small.
The statement follows:
"This morning in Picardy,
our troops attacking on a
front of one and one-fourth
miles advanced our lines and
captured the village of Can-
tigny. We took 200 prison-
ers and inflicted on the en-
emy severe losses in killed
and wounded. Our casu-
alties were relatively small."
"Hostile counter-attacks
broke down under our fire.
In Lorraine and in the Woer-
re artillery of both sides
continued active. Early in
the day our aviators shot
down a hostile machine."
Capture Two Americans
With the American Army
in France, May 28.—By the
Associated Press.—Two lone
Americans gave the Ger-
mans an opportunity to men-
tion the capture of prisoners
from American regiments in
the German official communi-
cation today.
One of the Americans is
missing in Picardy and one
in the Lunville sector. These
are the only men reported
missing.
Counter-Attack Feeble
With the American Army
in France, May 28.—By the
Associated Press.—American
troops this morning attacked
the village of Cantigny,
northwest of Montdidier, at-
taining all their objectives.
The German counter-attack
was feeble. The American
losses were light but the
Americans captured 140
Germans including two offi-
cers.
Bring Down Biplane
With the American Army
in France, May 28.—By the
Associated Press.—American
pursuit monoplane on Mon-
day evening brought down a
German biplane in flames
east of St. Mihiel in a two-
minute fight.
The Americans sighted
two German patrolling ma-
chines and pounced upon
them. One German fled but
the American pilots sur-
rounded the other and
speedily put an end to his
attempts to give battle. An
empty German sausage bal-
loon which broke its cable in
a strong wind this morning
fell near American head-
quarters after drifting many
miles.

RAILWAY RATES.

Secretary McAdoo's action in raising railway freight rates and passenger fares is not surprising. For some time the rail director's office has been hinting just such an act, and in many ways has the country been prepared for the increase. Freight rates go up 25 per cent, while passenger fares are to be raised to three cents a mile. Extra heavy levies are placed upon travelers who use standard and tourist Pullman cars. Excursion rates are wiped out and stopover privileges are done away with in one sweep. Other drastic features are included in the increases, which are designed to meet the higher pay awarded to railway workers. The attitude of the general public at first glances will be one of indignant protest. The cost of living must soar once again because of the increase in freight rates. Prices of all commodities must climb to still higher levels. The people will resent the action—at first. But in the end, the American citizen will see that the act is just. He will remember that this is a time of war and that great sacrifices are absolutely necessary if we are to win. The American citizen will see ultimately that he must endure a few hardships to win this great war. Seeing and understanding, the citizens of this country will approve. The nation has faith in its government. And in this instance, as in the episode of the headless Monday order, the nation will back up the leaders and feel that this has been a work well done.

When Emperor William said to the Town Council of Aix-la-Chapelle the other day that he believed “it is now time to abolish all that is foreign”—foreign to Germany, of course—what could he have meant? What is there of foreign origin in his empire that is not already outlawed? Good faith disappeared long ago. Treaties have been scrapped. Humanity has become a jest. Chivalry is heard of no more. Idealism is openly rejected by the professors. Religion is perverted by the pastors. Truth is denied. Democracy is punished. The idea of equality as between nations, like equality among men, is reviled. Force and not morals is preached; fear and not security is advocated; submission and not justice is upheld. For the will of the people there is no substitute but the cap-

rice of a sovereign or decrees of a military clique booted and spurred.

What, therefore, that is foreign remains in Germany, unless it be here and there a conscience, and how is the Kaiser to abolish that? —New York World.

BOARD WILL HAVE EXPERT ADVICE.

The board of education at a meeting Monday night spent a considerable amount of time in a profitable discussion of the best manner of procedure in the building of a new high school. It was a discussion worth while for the members by unanimous vote decided upon a plan of architectural competition approved by the American Institute of Architects. The competition contemplates the securing of an architectural adviser to prepare the competitive program and to act as adviser in the conduct of this competition. This adviser must be an architect of high standing and it would be his duty to advise the board of education on all desired points.

Those architects who enter must furnish full proof of their education and experience. The plan contemplates a jury of award selected by the owner, or in this case the board of education, and the competitor. The successful competitor in this plan contest is to be paid one tenth of his total estimated fee and certain prizes are to be offered for several designs or plans not accepted but which show merit.

The whole competitive program is worked out in full detail by the American Institute of Architects and, as indicated, the institute does not assume to dictate an owner's course but has approved this form as equitable between owner and competitor.

The board in adopting this plan makes it certain that terms of the competition will be fully understood and there can be no questioning of their powers or of the architectural adviser whom they employ. The standard form of competition is known to architects the country over and has their professional support. Its adoption by the board here will mean that the building of the Jacksonville school will come to the notice of men who make a specialty of school building and that these men will know that in submitting their plans that they will have a fair square deal. The action taken by the board of education is a long step toward securing the best in school architecture for Jacksonville.

THE NEED FOR SAVING WHEAT.

Speaking at the opera house Sunday night, Mr. F. Dunlap laid particular stress upon the recent request of the food administration for the saving of wheat. Mr. Dunlap referred particularly to the request of Mr. Hoover that the people in order to provide the necessary wheat for the army and the allies, abstain altogether from the use of wheat flour until the next crop is harvested.

The speaker stated that there was only six pounds of flour in his own home and that it would be returned Monday to the grocer from which it was purchased. This action was taken and Mr. Dunlap and his family will live wholly without wheat products for the next few months. Similar action has been taken by a number of other Jacksonville families. In several instances, those who have joined this no wheat movement declare that it isn't a great sacrifice on their part, as they have learned to like the no wheat bread.

The rule of the food administration provides for six pounds of wheat flour to each member of a family every thirty days. But as indicated in the special letter to the public read in all the churches Sunday, patriotic duty suggests total abstinence from wheat flour during coming months, if people want to make certain that the U. S. army has wheat flour and that the allies do not go hungry. Occasionally one hears the query, “Why not send corn and corn flour to the allies? They can eat it as well as ourselves.” The fact is corn will not stand shipment, it spoils in transit. Corn cannot be shipped abroad for grinding into flour because there are no mills there of a type proper for the handling of this grain.

CIRCUIT COURT NEWS

In the circuit court yesterday the trial of Charlie Wright of Franklin for assault was begun. In this case the complaining witness is a child, eight or nine years old, Viola Travers, of Franklin. The jury which is hearing the evidence includes W. N. Luttrell, Henry Rustmeyer, Chris Henzo, Henry Johnson, Frank Mawsoe, Thomas Reaugh, Charles Brady, Fred Hopper, Harry Gunn, Forrest Campbell, Lee Stice, L. E. Johnson.

In the case wherein Ross Abell was charged with burglary and larceny the jury brought in a verdict late Tuesday afternoon finding the defendant guilty of larceny and fixing the value of the goods stolen at \$8. Sentence has not yet been passed by the court.

A CROSS STATE AUTO PARTY Mrs. Susan Kidd, Mr. and Mrs. William Kidd, and Albert Gassaint of Longford, Kansas drove into the city Monday evening in their automobile from an extended eastern tour. They put up at the Douglas hotel and yesterday morning proceeded on their way to San Jose, Missouri.

TEACHERS INSTITUTE TO BE HELD IN JUNE

Program of Work Announced by County Superintendent Vasconcellos—Dr. Shawkey and Dr. Harrop Will be Instructors.

The annual county teachers institute will be held in David Prince building June 3 to 7, in accordance with the arrangements made by H. H. Vasconcellos, county superintendent of schools. Dr. Shawkey, a well known educator and Dr. Arthur H. Harrop of Albion College, Albion, Mich., will be the instructors. These men, according to the statement made by Mr. Vasconcellos, are men who rank high as instructors and the teachers have every reason to expect a pleasant and profitable week. The superintendent has called attention to the fact that the certificating law requires that all certificates must be registered or renewed each year.

It is requested that all teachers present their certificates during the institute. Teachers will no doubt give this notice due recognition as no certificates will be registered or renewed except for those teachers in attendance and for those who have previously been excused by the superintendent. DEATHS

Bullock.

Word has been received here of the death of Mrs. John Bullock which occurred at the home of her daughter, Mrs. John Raichs, W. N. Grand avenue, Springfield, Friday morning at 3:40 o'clock. Death resulted from a complication of diseases. She was a sister of Mrs. George W. VanZandt of this city who was with her when she died. Mrs. Bullock's husband is seriously ill with rheumatism and heart trouble. Funeral services were held from the late home in Springfield Sunday with burial in Oak Ridge cemetery.

Baumann.

Joseph Baumann died at his home on East North street at 6:30 o'clock Tuesday evening. He had been in failing health for several months and death resulted from diseases incident to old age.

Deceased was born in Stuttgart, Wurtemberg, Germany, May 10, 1842. He grew to manhood in that country coming to America fifty two years ago. He came directly to Jacksonville and this place has been his home continuously since.

Mr. Baumann was an expert watchmaker and engaged in the jewelry business and watch repairing for many years. He had a place of business on the north side of the square. Some years ago he retired from active business but still maintained repair establishment at his home.

He united in marriage in this city. His wife and two children preceded him in death. Mr. Baumann was a member of the Church of Our Savior and was a man upright in his manner of living and command of the respect of the entire community. The remains were removed to the undertaking parlors of John G. Reynolds and prepared for burial and will be taken to the late home today. The funeral will be held from the Church of Our Savior Thursday morning, the hour to be announced later.

Gruenewald.
Rev. F. Gruenewald, formerly pastor of the German Methodist church in this city, died at Blessing hospital in Quincy Saturday and funeral services were held Monday. The deceased, who was seventy years a respected minister here, is survived by his wife, two sons and three daughters.

NOTICE

Owners of automobiles are requested not to park their cars Decoration Day on the west side of the square adjacent to Central park as the parade committee will need all the space for drills of schools children. The same request is made with reference to East State street from the square to East street. All traffic will be prohibited on the square from 1:30 p. m. until after the parade.

MATRIMONIAL

Lord-Dawson.
The friends of Miss Gertrude Dawson will be surprised and pleased to learn of her recent marriage to J. W. Lord of Quincy, Florida. Miss Dawson ended a visit in the city not very long ago and announced her intention of going to Florida for a sojourn of a few months but it seems she has been induced to change her mind. Mr. Lord is a prominent resident of Quincy, Florida and is traveling salesman for a large lumber company.

Miss Dawson, now Mrs. Lord, is a lady of rare accomplishments and a lovely disposition and made a great many friends here during her residence in Jacksonville and it is needless to add that they will all unite in wishing her a goodly portion of the best things in life.

Mrs. Adolph Schmalz of Beards-town is visiting her aunt, Mrs. John Robertson of Lafayette avenue.

A WONDERFUL PROCESS
There are very few men in Morgan county who have not worn Stetson hats. These were first introduced to the customers here by The Coltra Hat Store about fifty years ago. For the past eight years Frank Byrns has featured and recommended this make of hats. If you want to see how they are made don't fail to visit Scott's Theater tonight to complete views of the process making them will be shown.

NOTICE TO RED CROSS SUBSCRIBERS

There were 7500 or more subscriptions to the Red Cross fund. The names will be printed as speedily as possible in both papers. It is not practicable for the papers to use the names any more rapidly and it will be several days before the final list appears. Meanwhile it is well nigh impossible to prevent errors in names and amounts. They will be corrected in due course of time if the Red Cross office is notified. Subscribers are earnestly requested to be patient about this matter with full assurance that the committee is sincerely desirous of eventually having each subscriber correctly listed and the full subscription correctly printed.

FOR SALE

Yellow Dent Seed Corn grown near Marshall, Saline county, Mo. Stock is being rapidly reduced. Phone at once, Bell 228. G. W. Gard, 449 S. East Street.

Don't fail to see the best dressed woman in the county in the parade tomorrow

FROM THE COUNTY AGENTS' OFFICE.

The seed corn situation is not entirely settled. There are still some inquiries for the State Tested Seed Corn. The shipment to the County Agent here has not yet come. A car load has been sent to the County Agent of Sangamon county. Some parties have driven over there in automobiles and received a supply. The farmers are reporting very good stands in the fields that are planted.
 A number of the farmers of Morgan County have notified the county agent of their willingness to take a young man enrolled in the Boys' Reserve for summer work. In a little while a canvass will be made for volunteers to assist in corn ploughing, oats and wheat harvest, threshing and silo filling. It has been suggested that a fair way to determine the wage for these volunteer workers would be for a committee of three practical farmers and three from industries not connected with farming to determine what is an economic wage. This is a time when employer and employee should pull together. Both should be reasonable in their demands.
 The people of Morgan County are taking the campaign against the barberry quite seriously. A number of very fine hedges have been destroyed or are to be destroyed. F. E. Drury has started in on the fine residence east of town. A number of Jacksonville people have begun to get rid of their barberry. While there is some doubt in the minds of residents as to the barberry being the cause of all the wheat rust, yet they seem to think that this is no time to offer objections. If the Government says it is a menace the bush must come out.
 A number of the members of the Morgan County Farmers' Club live just over the line in Scott County. They are a fine bunch of farmers. This organization would profit by having more members in that territory. Any one coming into this organization from that county will receive the same services as members in Morgan county.
 The county agent recently spent some time calling on the members of the Morgan County Farmers' Club living in the vicinity of Arcadia and Litterberry. Although the membership in the vicinity of Arcadia is not very numerous yet they are a progressive lot of farmers and are a jolly bunch to meet. The places visited were very well farmed indeed.
 H. D. Crum, living northeast of Litterberry has one of the best fields of oats that has been shown the county agent. This field was seeded with the Iowa Silver Mine. For a number of years Mr. Crum has carefully cleaned his seed, graded it and treated it for smut. The stand is a very good one and a large yield ought to be expected from it.

A GOOD SAMARITAN

At the funeral of Kenneth Skeens in Franklin Sunday were more than 2,000 people assembled. William Whalen, postmaster, greatly increased his already large number of friends. For two hours or more Mr. Whalen spent most of his time in carrying water to refresh hot tired people. It was necessary for the members of Co. C to stand in line in the sun for a long time and Mr. Whalen had the thanks of the entire company when he passed along the ranks with a bucket of water and a cup. A Good Samaritan was the appellation that was quickly given him.

WILL ASK FOR PLANS FOR NEW BUILDING

Board of Education in Adjourned Session Decides to Take Steps Toward Erection of New High School Building—Will Remove Ruins Immediately—Plan Advocated by American Institute of Architects Will be Followed.

The board of education met again in adjourned session last evening and did a lot of business. They decided to get right down to business, have the ruins removed, plans and specifications for a new high school building secured, boiler house, metal shop and smoke stack erected as soon as possible and a lot of tools bought. The boilers in the ruins may be good and usable and are so probably but if not they will take post drastic measures to get new ones in time for fall use and the tearing away of that part of the ruins is needed at once. It was decided in the selection of plans and in building to use the standard form of competition authorized by the American Institute of Architects.

The Proceedings.
The board met in adjourned session with all members present; resident Lippincott in the chair. The matter of vacating streets and securing legal action on the one was brought up. The chair said he had interviewed Mayor Anderson who was very favorable toward any project for helping along the work of rebuilding the high school building and would have the city attorney prepare a suitable ordinance as soon as the conditions are agreed on. He had also visited Springfield and discussed the matter with state officials and gained all light possible on the subject.

Discuss New Building.
Regarding the proposed new building, it was the sentiment of the board that it be plain and substantial and supplied with all possible appliances for the education of the youth of the land. A great deal of discussion followed regarding the manner of securing plans. It was suggested by some that the board should advertise plans and specifications, select the ones they preferred and go ahead.

Still others suggested that so important a project called for careful consideration. It was deemed wise by them to have plans and specifications asked for, have an architect adviser not a competitor who would aid in securing the best plans and the best mode of procedure; that it might be well to have a jury of

three architects chosen, one by the competing architects, one by the board and the third a prominent educator, not an architect, to decide which were the best plans.

The location is an important factor and the fact that the building should be for time was emphasized. Superintendent Perrin said he had investigated the matter and thought a building 180 by 200 feet, basement and two stories, could be built for \$200,000 and no less would be wise. This did not include expense of furnishing and boiler house.

Member Duncan said he had visited a number of cities which had recently built new high school structures and none of them were very satisfactory tho it was suggested that no matter how careful the board might be a new building would have defects in the estimation of a great many.

It was claimed that the boiler house should harmonize, as far as possible with the general appearance of the new building and the David Prince structure.

The law requires a vote of the people whether the board shall build a high school structure or not but the board may acquire real estate needed for the purpose without a vote.

The suggestions of the special committee as printed elsewhere, were adopted as a tentative plan for a new building and of course, they may be modified as investigation may suggest. After considerable discussion it was decided to choose an adviser at once. To advertise in the public prints and by private correspondence designed to reach leading architects inviting them to present tentative plans and elevations for the consideration of the board of education according to the statement furnished them.

Supt. Perrin said the matter of metal work in the curriculum had often been mentioned and he had been asked why the Jacksonville high school did not do something for the boys in that direction. It seemed best that the new boiler house should also be a power

house and connected with it a forge and metal shop, or that part of one which would not well go with the other manual training work and it was decided to advertise for plans and specifications for a boiler and power house, with suitable smoke stack and metal shop connected, the material from the ruins of the high school building to be used in the construction. In the foundation and walls there surely will be found plenty of brick and stone for the purpose and some to spare.

Some tools desired by Engineer Wood for his work about the buildings were ordered bought thru bids from local dealers.

President Lippincott had secured from the American Institute of Architects a lengthy and very valuable document containing suggestions regarding the securing of plans and specifications for competitive bids. This will be used and made a part of the order of procedure.

The special high school building committee was instructed to present at the next regular meeting plans for securing the advisor voted for at the meeting. Adjourned.

The report of the special high school committee was called for and the following was offered:

Tentative Suggested Contents of New High School Building.

HOUSE BURNED TUESDAY

The residence of George Wheeler in the Sinclair neighborhood was totally destroyed by fire Tuesday. The fire was discovered about noon and had gained such headway that most of the contents were also destroyed. It is not known how the fire started but probably from a defective chimney. It was not learned whether or not Mr. Wheeler carried any insurance on the structure or whether he expects to rebuild.

MILITARY INSTRUCTION IN SMALLER COLLEGES

At one of the recent chapel exercises at Illinois College, President Rammelkamp read a letter which he had received from Secretary of War Baker relating to a new plan of military instruction for the smaller colleges of the country. It seems that the government is now definitely undertaking to provide military instruction beginning next September in all of the colleges of the United States which are able to enroll at least one hundred able bodied students over the age of eighteen.

The government expects to provide an officer to give the instruction and also announces that it will, if possible, provide the necessary equipment. Enrollment in this military company will be voluntary, but students who enroll will at once be regarded as part of the army of the United States, subject to call by the President. The Secretary of War states in his letter that it will not be the policy of the President to call any of the men in these college units until they have reached the age of twenty-one unless an unusual military emergency arises.

The faculty of the college by special action has authorized President Rammelkamp, if possible, to make arrangements with the government for the introduction of this military instruction at Illinois College. In view of the number of men who have left college to go into the service, it seems somewhat doubtful, at present, whether the college authorities can muster the necessary one hundred able bodied men over eighteen. An effort will be made to secure the consent of the government to allow the enrollment of high school seniors and other young men in the city of the required age. The government is very anxious that all college students shall take advantage of this opportunity for military training for immediate service in the army and meanwhile continue their education.

Enrollment in this military company will be voluntary, but students who enroll will at once be regarded as part of the army of the United States, subject to call by the President. The Secretary of War states in his letter that it will not be the policy of the President to call any of the men in these college units until they have reached the age of twenty-one unless an unusual military emergency arises.

The faculty of the college by special action has authorized President Rammelkamp, if possible, to make arrangements with the government for the introduction of this military instruction at Illinois College. In view of the number of men who have left college to go into the service, it seems somewhat doubtful, at present, whether the college authorities can muster the necessary one hundred able bodied men over eighteen. An effort will be made to secure the consent of the government to allow the enrollment of high school seniors and other young men in the city of the required age. The government is very anxious that all college students shall take advantage of this opportunity for military training for immediate service in the army and meanwhile continue their education.

Forty Two Candidates Were Given the Degrees Tuesday Evening—Splendid Address By State Organizer Frank W. Jones.

Forty two candidates were given the degrees in Redmanship at the regular meeting of Dea-ware Tribe Tuesday evening. Tho the weather was anything but favorable there was a large gathering of members to assist in demonstrating the beauties of the order to the palaces.

Following the work the members adjourned to the dining rooms where refreshments were served and a smoker enjoyed. After the refreshments State Organizer Jones was introduced and gave a splendid talk on Redmanship and what it stands for. Mr. Jones is one of the best posted men in the United States on Redmanship and he thrilled his hearers and drew forth enthusiastic applause during the course of his remarks. State's Attorney Carl E. Robinson was called upon and responded briefly for the newly initiated members.

The following were given the degrees:

MILITARY INSTRUCTION IN SMALLER COLLEGES
At one of the recent chapel exercises at Illinois College, President Rammelkamp read a letter which he had received from Secretary of War Baker relating to a new plan of military instruction for the smaller colleges of the country. It seems that the government is now definitely undertaking to provide military instruction beginning next September in all of the colleges of the United States which are able to enroll at least one hundred able bodied students over the age of eighteen.

The government expects to provide an officer to give the instruction and also announces that it will, if possible, provide the necessary equipment. Enrollment in this military company will be voluntary, but students who enroll will at once be regarded as part of the army of the United States, subject to call by the President. WOMAN AND BABY INJURED IN RUNAWAY

Mrs. Julius Fricke and Baby Received Injuries When Horse Ran Away—Boy Three Years Old Escapes Injury.

Mrs. Julius Fricke of near Meredosa received painful cuts on the arm and hand and her eighteen months old babe was badly cut about the mouth when a horse Mrs. Fricke was driving ran away throwing them out of the vehicle.

Mrs. Fricke, with her baby eighteen months old and little boy three years old had driven over to the home of Harmon Starkey. They were in an enclosed buggy. Just as they were ready to start home the horse became frightened and ran away. Mrs. Fricke and the baby were thrown out and were cut by broken glass. The boy was under the buggy but escaped injury.

The mother and babe were taken by automobile to Meredosa where their injuries were attended by Dr. F. A. Neville and Dr. Lois Neville. They were able to return home and no serious results are anticipated.

BUY FLAGS TODAY then you will be sure to have one for Memorial Day. We have all sizes. Lane's Book Store.

NOTICE Owners of automobiles are requested not to park their cars Decoration Day on the west side of the square adjacent to Central park as the parade committee will need all the space for drills of schools children. The same request is made with reference to East State street from the square to East street. All traffic will be prohibited on the square from 1:30 p. m. until after the parade.

WINCHESTER SCHOOLS HAD ANNUAL PICNIC

Two Accidents Somewhat Marred Day's Pleasure—Baccalaureate Service for High School Graduates Very Impressive—Scott County Boys Leave Saturday for Ft. Thomas.

Winchester, May 27. — The school picnic was held at the monument grounds Tuesday, and was a day of great pleasure for all. After the dinner hour each grade gave a demonstration of the work in physical training and after this program athletic contests occupied the time. Refreshments were served on the grounds. The patronage was generous and the net proceeds will amount to \$75. This sum, with money already in hand amounting to approximately \$200, will be temporarily invested in Thrift stamps or Liberty bonds. Later it is planned to use the fund for the purchase of playground equipment.

The pleasure of the day was marred by two accidents. Miss Emma Bates tripped over a rope and fell, injuring her arm. She was taken by Dr. J. W. Eckman to Jacksonville where an X-ray picture will be taken in an effort to learn the extent of the injury. William Freitag was struck in the eye with a stick and suffered a painful injury. It is hoped that the sight of the eye will be saved. The baccalaureate service was held at the Methodist church Sunday evening and was largely attended. When the large class entered in cap and gown it made a very imposing sight. The opening march was played by Miss Lillian Sibert at the organ. The choir was composed of the members of the different church choirs of the city. A splendid sermon was delivered by Rev. W. R. Johnson, pastor of the Winchester Baptist church. A solo was excellently rendered by Mrs. Samuel G. Smith. "In Flanders Field the Poppies Grow," music by Souza. A duet by Mrs. Wallace H. Kinson and Miss Martha Higgins, "Day is Ended," was greatly enjoyed by the audience.

The class this year is one of the largest in the history of Winchester high school. Members of the class are Ruth Coultas, Loretta Jane Coultas, Ida O. Long, Eva Smith, Helen M. McLaughlin, Ida B. Wagner, Frances M. Northcutt, Charlotte Chance, Mildred Carter, Lillian Walker, Kathryn Clark, Hazel O'Donnell, Max Shipley, Harry Montgomery, Thomas Dugan, Glen Overton, Albert Hainsfurther, Jr., Raymond Funk, Cecil Brown, James Coultas, Earl Lashmet.

Miss Loretta Coultas, the president of the class, has an unusual record in that she has been neither absent nor tardy in the twelve years of her school life. Commencement exercises will be held at the Methodist church Thursday evening.

Mrs. Roy Violett and brother, George Rodkinson of Astoria are in the city visiting relatives and friends.

The increment of Scott county boys who will leave Saturday June 1, for Ft. Thomas, Ky., will include the following:

Clark C. Little, Bluffs; Eugene Carpenter, Bluffs; Harry Rogers, Winchester; Chester Burbank, Bluffs; Henry Maglitz, Bluffs; Elmer Seaman, Bluffs; Fred Waid, Winchester; Raymond Hagard, Winchester; Addison Fuson, Bluffs; Mark Baird, Bluffs.

MARCH IN THE PARADE and carry a flag. Buy it today before the rush. Lane's Book Store.

ATTENTION K. OF P. All members of Knights of Pythias Jacksonville Lodge No. 152 and Favorite Lodge No. 376 and visiting Knights are requested to assemble in Castiel hall at 1 o'clock sharp Decoration Day to take part in the parade.

TRUMAN GIBSON TELLS SENSATIONS IN AIRSHIP

Morgan County Boy Recently Had Experience of Going up in Army Aeroplane—Earth Looked Like a Checker Board.

Lloyd Carter has received a letter from his friend, Truman W. Gibson that he has taken a trip in the air with a pilot. Mr. Gibson's letter follows.

5/22/1918.

Dear Lloyd:

Oh boy I got what I've been wanting. I've been 1600 feet above this earth. When one of the pilots asked me if I would like a little ride with him I nearly fell over saying yes. We were up about 15 minutes. The earth looked like a checker board or a crazy quilt and the camp buildings like cigar boxes or chocolate bars. Everything appeared level and valleys all alike. I could see ships out on the sea and all the towns around here.

When the ship was going straight ahead it didn't seem like we were moving but the wind boiled around my head like a cyclone.

When the pilot sent the ship down a few hundred feet it was one awful sensation at the start. You know how it feels to be on an elevator when it drops about 10 stories. Multiply that feeling by 10 and you've got the idea.

My hair raised when it came to land. It doesn't seem like going down to earth but like the earth was diving up at you. It seemed to me like that pilot made that descent altogether too steep and risky but I guess he is well used to that.

Don't let the wrong report get started. I'm not a flyer nor likely to be any time soon but I may get a chance to work a machine gun in one of the ships.

I've just got time to scribble this off and get busy now.

RECEIVED SCHOLARSHIP.

President Rammelskamp announced at the chapel exercises Tuesday morning that Bryce Whisler of the junior class had been appointed to the scholarship at the Junior Plattsburg. The Illinois College faculty recommended Mr. Whisler to the Plattsburg authorities and an official communication was received on Tuesday from the Plattsburg office appointing Mr. Whisler to the scholarship. The scholarship has a value of \$250, and will provide for the tuition charge and living expenses at the camp during the two months of training. Charles Capps also expects to attend the Junior Plattsburg this summer.

There will be one General collection at 10 a. m. and a collection in the Business district at 5 p. m. R. L. Dunlap, Postmaster.

TO THE PEOPLE OF JACKSONVILLE

For two years we, as members of your park board have worked hard to make Central Park a pleasure to the eye and a credit to the town. We are just beginning to see the results of two years planning and work. In a little while, if care is taken, the park will be a delight to the eye, and a pleasure to all of the citizens of the town. Your money, raised by taxation, has paid for the work and material and we are making this appeal to you to ask you to help to make this expenditure of work and money a success, by not walking on the new and tender grass. Two holidays, Decoration Day and Fourth of July are coming, when sometimes people's patriotism makes them forget their surroundings. Won't you all, men, women and children, as patriotic service to our pretty little city help to make the park beautiful by keeping off the grass?

Kate H. Hollinger, Iva N. Wehl, Park Commissioners

MARSHALS ATTENTION.

All men who are expecting to act as Marshals on Decoration Day are requested to meet in front of the Court House at 1 p. m., May 30, provided with a red sash.

C. A. McDougall, Chief Marshal.

NOTICE

By order of Committee.

NOTICE

No prayer meeting Wednesday at State Street Presbyterian church. But a union meeting with Grace M. E. church will be held Thursday evening. This meeting is to carry out the President's Proclamation of penitence and prayer. All are invited to this service.

WILL MEET TODAY.

The High School and David Prince Parent-Teacher Association will hold a joint meeting this afternoon at 3:30 in the David Prince gymnasium. This will be the last meeting of the year and a full attendance is desired. The election of officers for the coming years will take place.

TWO RAILROADS WILL COMBINE OFFICES HERE

C. B. & Q. and C. P. & St. L. Freight and Passenger Business Will be Handled from Burlington Terminals—E. F. Mitchell Will be Agent for Both Roads.

One of the changes resulting from government control of railroads is the announcement that the local office of the C. B. & Q. and the C. P. & St. L. road will be consolidated June 1. The passenger service of the two roads is now handled by the C. B. & Q. office and after the date indicated the freight will also be taken care of at the C. B. & Q. freight house. After the 15th of the month E. F. Mitchell, present agent for the Burlington will serve as passenger and freight agent for the two roads.

It is understood that Mr. Davis, cashier, Mr. Chapman, freight handler, in the C. P. & St. L. freight office, will have positions at the Q. station. Mr. Peterson, agent for the C. P. & St. L. will be transferred to another city if he cares to remain in the employ of the road. This action is in line with the announced policy of Director General McAdoo in providing for a less expense in operation of the roads and higher salaries for employees.

The B. & O. and the C. P. & St. L. will be consolidated at Virginia. At Havana the C. P. & St. L. and the I. C. will have point terminal. At Linden the Chicago & Alton and the C. B. & Q. will join forces and at Sorento the Clover Leaf and the C. B. & Q. will have consolidated offices. These are only a few of the places not far distant from Jacksonville where the joint operation of two or more roads will be an accomplished fact within a very short time.

The Irresistible Appeal of Snowy White Porcelain

HOW proud you are of the porcelain in your home! How spotlessly pure it always looks! No other material could possibly take its place. In the finest homes porcelain is always used wherever possible—it is so sanitary, so easily cleaned, and really the most economical in the end.

No other material is so easy to keep spotlessly clean. It does not break, chip or crack.

The refrigerator is one of the most important places for porcelain to be used. For economy's sake food must not be allowed to spoil. For health's sake our food must be kept absolutely pure.

The four essentials of a good refrigerator

The first requisite is a real porcelain lining. The refrigerator must be designed so there will be a proper circulation of cold air. The insulation must be as nearly perfect as possible. Workmanship and material must be of the very best.

Why the best refrigerators are made in Grand Rapids

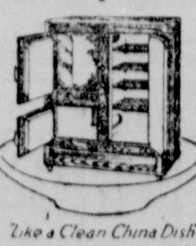

Here in Grand Rapids are the most skilled cabinet makers. The largest refrigerator factory in the world is here—the Grand Rapids Refrigerator Company. For over 35 years this company has been making refrigerators and has accumulated a wonderful experience in the science of domestic refrigeration.

"Like a clean china dish"

The Leonard Cleanable Refrigerator is so clean and so easy to keep clean that thousands of women know it by the above phrase. The beautiful one-piece porcelain lining in the Leonard Cleanable has rounded inside front corners. This is a most valuable patented feature and cannot be found in any other refrigerator.

In the Leonard Cleanable ten walls shut out the heat and shut in the cold.

Come in and get an interesting and instructive booklet—"Care of Refrigerators". Let us show you one of the famous Leonard models.

WANTED—100 skilled and 1,000 un-
skilled men. We are offering steady
employment to men between the
ages of 15 and 45 on Government
work and regular commercial lines.
Our factory operates 6 days a week
per week on three eight hour shifts.
While learning operations we pay
you 35¢ per hour, plus ten per cent
bonus on all wages for steady at-
tendance computed in weekly pe-
riods. After learning the work which
takes from one to six weeks you
may take home from \$1 to \$5 a
day and better. Machinists, pipe-
fitters, electricians, pattern makers,
sheet metal workers and carpenters.
Highest wages in this section of the
country. No labor troubles. Eight
hours steady attendance. We refund rail-
road fare of \$10 and less in 30 days
and \$20 and less in 60 days. No
housekeeping department which
will assist you in securing houses
and rooms at lowest rates. We also
pay a large number of girls, ages 21
to 35 for steady profitable factory em-
ployment. See W. L. Master, per-
sonnel Douglas Hotel Tuesday and Wed-
nesday. 5-29-17.
